

## Messiah's Light for Israel- Newsletter July 2021

Dear brothers and sisters, peace and grace to everybody from the Land of Israel.

It has been already one month since we talked last time.

Nevertheless, as you know, our God is always at work!

Then, once again, we would love to share with you some amazing facts that are going on here in Israel.

We continue to serve the needy at our place in Tel Aviv. We always get to know new people, new stories and dramas, but one common need: salvation, deliverance, healing.

This is the case of Lea, a single mother, whom we have met lately. Lea has two children and has been struggling with different areas in life. She accepted to be addressed to a messianic women's centre in Beersheba. There she will have the chance to receive professional treatment as well as preaching and teaching from the word of God.

Let us pray for her heart to be a good soil into which the seed of the Gospel will fall.

Ayala, instead, is a lady that we have known for a few years.

She appreciates very much the work we do and likes coming and spending time with us.

She is very dear to us and we usually sit to eat along with her and to talk about life and THE LIFE: Yeshua.

Over the last period, she has been truly touched by the Holy Spirit and wept over some scriptures that we read together. She has already received Yeshua into her heart through prayer; still we keep watering that precious seed and believe that God will have His way in her life! Please keep her in prayer.

Let us come to Igor; a young Russian man who some years ago was living in abandonment and hopelessness in the street. I have met him one week ago, and to my surprise I saw a total different person! I learned that he has been under rehab treatment, but most important that He has converted to the Lord. His countenance and whole aspect have changed, he is now willing to help us in the soup kitchen, and he is attending a congregation.

*"Likewise, I say to you, there is joy in the presence of the angels of God over one sinner who repents."(Luke 15:10)*

This time we would love to praise and thank God together with you for our little great helper: Shmuel. He is a eight years old boy and is the son of a couple of believers from Finland who are very committed in the Land of Israel.

Shmuel usually comes to the soup kitchen with his father Marcus.

This boy is very sweet, meek, and obedient, always willing to help. You will see from the pictures that he loves talking to our visitors and giving them tracts, he also likes preparing the sandwiches with us and to get assigned small tasks in the soup kitchen.

However, the most exciting thing of all is his genuine desire to know the Bible, think that he himself asks to receive bible teaching to learn more about our saviour Yeshua. We bless Shmuel's heart and life: his willingness, simplicity, and earnestness are such an example to us and remind us the way the Lord wants us to be.

*"Assuredly, I say to you, unless you are converted and become as little children, you will by no means enter the kingdom of heaven."(Mt 18:3)*

A great event to share is Roni's Bar Mitzvah. Roni is our co-worker's son, Daniela. We witnessed his ceremony that was very blessed. During that time Roni shared with us portions from the scripture out of passion and accuracy. We enjoyed along with the family, the brethren and friends the festive ceremony which took place in the beautiful premises of Beit Immanuel church in Tel Aviv. We thank God for Roni for he has repented and accepted Jesus as his Saviour and Lord one year ago.

Finally, last month we were allowed into the premises of our "kehillah"(community in Hebrew). More than one and a half year passed by without meeting in person due to the covid restrictions. It was a great joy for us to meet up again, to worship Yeshua together, to enjoy fellowship and to partake in the Holy Supper. Thank you Abba!

We thank you, as always, for being with us through prayer and material support. May the God of all mercies and comfort be with you in whatever season you may be going through!  
Until next time, shalom!  
Shlomi Nachum.
